Abbreviations	XIX

1	Introduction	1
2	The Watercourses Shared by the Two Koreas	6
1	Overview	6
1.1	<i>Facts</i>	6
1.1.1	The North Han River	7
1.1.2	The Imjin River	11
1.2	<i>Characteristics of the Watercourses Shared by the Two Koreas</i>	12
1.2.1	Geographical Characteristics	12
1.2.2	Topographic Characteristics	13
1.2.3	Climate Change and Meteorological Characteristics	14
1.2.4	Military Confrontation Area	17
1.3	<i>The Importance of International Watercourses on the Korean Peninsula</i>	19
1.3.1	Heartland of the Korean Peninsula	19
1.3.2	Wildlife Sanctuary and Biodiversity Repository	20
1.3.3	Water Source of the Metropolitan Area	23
1.3.4	Power Source through Hydropower Generation	24
1.3.5	Conservation of Cultural Heritages and Tourism	26
2	The Distinctive Features of Inter-Korean Relations	30
2.1	<i>History of the Two Koreas</i>	30
2.2	<i>The Dual Nature of Inter-Korean Relations</i>	32
2.2.1	The Constitution and the Laws in South Korea	32
2.2.2	The Inter-Korean Basic Agreement	33
2.2.3	Joining the UN	35
2.3	<i>How Should We Deal with the Shared Watercourses Issues between the Two Koreas?</i>	37
2.3.1	What Is an International Watercourse?	37
2.3.2	The Relations between the Two Koreas on the Shared Watercourses	39

	2.3.3	East-West German Relations	40
	2.3.4	Are the Watercourses Shared by the Two Koreas International Watercourses?	47
3		International Water Law and Cases	51
1		International Water Disputes	51
	1.1	<i>Water in the World</i>	51
	1.2	<i>International Watercourses in the World</i>	51
	1.3	<i>Water Disputes and Cooperation over International Watercourses</i>	53
2		Development of International Water Law	54
	2.1	<i>Sources of International Law</i>	54
	2.2	<i>Formation of International Water Law</i>	55
	2.2.1	Overview	55
	2.2.2	The Helsinki Rules on the Uses of the Waters of International Rivers (1966)	57
	2.2.3	Convention on the Law of the Non-navigational Uses of International Watercourses (1997)	57
3		General Principles of International Water Law	61
	3.1	<i>Theories and Doctrines of International Water Law</i>	61
	3.1.1	Theory of Absolute Territorial Sovereignty	62
	3.1.2	Theory of Absolute Territorial Integrity	63
	3.1.3	Theory of Limited Territorial Sovereignty	64
	3.1.4	Theory of Community of Interest	65
	3.2	<i>Principles of International Water Law</i>	66
	3.2.1	Substantive Obligations	66
	3.2.2	Procedural Obligations	76
4		The Cases	83
	4.1	<i>The Diversion of Water from the Meuse Case (1937)</i>	83
	4.1.1	Facts	83
	4.1.2	Summary of the Judgment	85
	4.1.3	Lesson	85
	4.2	<i>Trail Smelter Case (1938)</i>	86
	4.2.1	Facts	86
	4.2.2	Summary of the Judgment	87
	4.2.3	Lesson	88
	4.3	<i>Lake Lanoux Arbitration Case (1957)</i>	89
	4.3.1	Facts	89
	4.3.2	Summary of the Judgment	91
	4.3.3	Lesson	92

4.4	<i>Gabčíkovo-Nagymaros Project Case (1997)</i>	93
4.4.1	Facts	93
4.4.2	Summary of the Judgment	96
4.4.3	Lesson	97
4.5	<i>Pulp Mills Case (2010)</i>	99
4.5.1	Facts	99
4.5.2	Summary of the Judgment	100
4.5.3	Lesson	103
4	Water Dispute on the Korean Peninsula	106
1	Water Dispute History	106
1.1	<i>The North Han River Basin</i>	106
1.1.1	North Korea's Dam Construction	106
1.1.2	Effects of the Dam's Construction in the North Korean Territory	110
1.1.3	South Korea's Dam Construction in Response	119
1.2	<i>The Imjin River Basin</i>	121
1.2.1	North Korea's Dam Construction	121
1.2.2	Effects of Dam Construction in North Korean Territory	122
1.2.3	South Korea's Dam Construction in Response	126
1.2.4	South Korea's Other Actions	128
2	North Korea's Actions under the International Law	128
2.1	<i>North Korea's Limited Water Rights</i>	128
2.2	<i>North Korea's Actions Affect South Korea</i>	128
2.3	<i>The Breach of the International Law</i>	130
2.3.1	Breach of the Obligation to Consult with Other Riparian States	130
2.3.2	Breach of the Principle of Equitable and Reasonable Utilization	130
2.3.3	Breach of the Obligation Not to Cause Significant Harm	132
2.3.4	Breach of the Obligation to Cooperate	133
2.3.5	Breach of the Obligation to Protect International Watercourses and Their Ecosystems	135
2.3.6	Breach of the Obligation of Prior Notification	136
2.4	<i>The Limitation of the International Law</i>	137
2.4.1	Dispute Settlement under the International Law	137
2.4.2	Limitation	138
2.4.3	Lesson	139

5	Proposal for the Improved Cooperative Management of Korea's International Watercourses	141
1	Necessities of the Improved Cooperative Management	141
1.1	<i>Limitation of Solution Under International Law</i>	141
1.2	<i>Cooperation for Disaster Prevention</i>	142
1.3	<i>Conflict Caused by the Decrease in Water Volume</i>	144
1.4	<i>The Conservation of Biodiversity</i>	145
1.5	<i>The Establishment of Peace on the Korean Peninsula</i>	146
1.5.1	Building Trust between the Two Koreas and Easing Military Tension	146
1.5.2	First Step Toward Revitalizing Inter-Korean Exchange and Cooperation	146
2	Cooperative Management Efforts	148
2.1	<i>The North Han River</i>	148
2.1.1	Background	148
2.1.2	Progress	149
2.1.3	Results	150
2.2	<i>The Imjin River</i>	151
2.2.1	Background	151
2.2.2	Progress	152
2.2.3	Results	153
2.3	<i>The Joint Investigation of the Han River Estuary</i>	154
2.3.1	Background	154
2.3.2	Progress	155
2.3.3	Results	155
2.4	<i>Joint Cooperative Body in the Past</i>	156
2.4.1	The Imjin River Flood Control Council	156
2.4.2	The Office of Inter-Korean Dialogue	156
2.5	<i>Conclusion</i>	160
3	Obstacles to Successful Cooperation between the Two Koreas	162
3.1	<i>General Reason</i>	162
3.1.1	Constraints Factor on Trust Formation	162
3.1.2	Conflicts of Interest	163
3.1.3	Sovereignty	168
3.1.4	Limitations on Enforcement	168
3.2	<i>Military Confrontation</i>	169
3.2.1	DMZ	169
3.2.2	Landmines	170
3.3	<i>Concern about Regime Collapse</i>	170
3.4	<i>Sanctions against North Korea</i>	173

- 3.4.1 International Level 173
- 3.4.2 Domestic Level 177
- 3.5 *Legal and Institutional Restrictions* 178
 - 3.5.1 Land Use Regulation 178
 - 3.5.2 Regulation Concerning Inter-Korean Relations 179
 - 3.5.3 Problems with the South Korean Legal Framework 181
- 3.6 *Financial Burden* 181
- 3.7 *National Consensus* 182
- 4 Cooperation Cases Studies on the International Watercourses 185
 - 4.1 *United Germany* 185
 - 4.1.1 Background 185
 - 4.1.2 Progress 186
 - 4.1.3 Specific Cases 188
 - 4.1.4 Lesson 194
 - 4.2 *North Korea, China, and Russia* 200
 - 4.2.1 Facts 200
 - 4.2.2 Border River Management between North Korea and China 201
 - 4.2.3 Border River Management between North Korea and Russia 206
 - 4.2.4 Lesson 209
 - 4.3 *The United States and Canada* 210
 - 4.3.1 Background 210
 - 4.3.2 The Boundary Waters Treaty 210
 - 4.3.3 The International Joint Commission 211
 - 4.3.4 The Columbia River Treaty 213
 - 4.3.5 Lesson 214
 - 4.4 *The United States and Mexico* 214
 - 4.4.1 Background 214
 - 4.4.2 The International Boundary and Water Commission (IBWC) 217
 - 4.4.3 Treaties and Minutes 219
 - 4.4.4 Lesson 223
 - 4.5 *The States on the Mekong River Basin* 225
 - 4.5.1 Facts 225
 - 4.5.2 Water Conflicts 227
 - 4.5.3 The Mekong River Commission 228
 - 4.5.4 Lesson 231
- 5 Strategies for Improved Cooperative Management 234

- 5.1 *Step-by-Step Approach* 234
 - 5.1.1 Pursue in Line with the Development Stage of Inter-Korean Relations 234
 - 5.1.2 Start with Small and Short-Term Projects 235
 - 5.1.3 North Korea's Needs and Interests First 235
 - 5.1.4 Start with the Technical Field 236
 - 5.1.5 Pursue in Line with International Sanctions 236
- 5.2 *Package-Driven Approach: Linkage between Projects* 237
 - 5.2.1 Interdisciplinary Resources 237
 - 5.2.2 Linkage between Upstream and Downstream Issues 237
 - 5.2.3 Baskets of Benefits: Win-Win Strategy 237
- 5.3 *Multilateral Approach* 238
 - 5.3.1 Inter-Korean Economic Cooperation 238
 - 5.3.2 Local Governments 240
 - 5.3.3 Establishing a Foundation for Promoting Exchange and Cooperation in the Private Sector 241
 - 5.3.4 International Organization and NGO 242
- 5.4 *Within the Framework of Unification Policy and National Territory Policy* 245
 - 5.4.1 Efficient Utilization of National Land 245
 - 5.4.2 Comprehensive National Land Plan 246
 - 5.4.3 Comprehensive Development Plan in the Border Area 248
 - 5.4.4 To the Extent that the Environment Is Not Damaged 251
- 6 *Specific Cooperation Project* 251
 - 6.1 *Disaster Prevention* 251
 - 6.2 *Cooperation in Using the Shared Water Resources* 252
 - 6.3 *Joint Hydrological Investigation and Data Sharing* 253
 - 6.4 *Uniformity of Metrological and Technical Standards* 254
 - 6.5 *Technical Aid* 254
 - 6.6 *Forest Restoration* 256
 - 6.7 *Conservation and Utilization of Ecosystems* 259
 - 6.8 *Preservation and Restoration of Historic Sites* 262
- 7 *Way to Improve Operational Efficiency* 262
 - 7.1 *Setting Up a Joint Management Plan* 262
 - 7.2 *Necessity to Conclude a Treaty* 263
 - 7.3 *Efficient Joint Cooperative Management Body: Standing Border Commission* 265

CONTENTS

8	Role of the National Assembly	267
8.1	<i>Overview</i>	267
8.1.1	Legislative Facts	268
8.1.2	Importance of Legislation	268
8.1.3	Legislative Trends in the National Assembly	268
8.1.4	Ambiguity of the Law	277
8.2	<i>Areas that Require Legislative Efforts</i>	278
8.2.1	Joint Water Resources Management	278
8.2.2	Inter-Korean Communication and Cooperation	283
8.2.3	Financial Support	286
8.2.4	Special Economic Zone or Special Administrative Zone	290
8.2.5	Joint Inter-Korean Border Commission	293
8.3	<i>Special Committee on Inter-Korean Affairs in the National Assembly</i>	295
6	Conclusion	296
	Bibliography	301
